Our Approach

Igniting hope through food and shelter
CityTeam provides prepared meals, shelter beds, warm showers, clean clothes, and more. Every act of service someone that can lead to lasting change.

Restoring lives through residential programs
CityTeam helps individuals achieve lasting change in their lives through residential programs that offer safe shelter, restorative care, and support. Graduates of our residential programs achieve sobriety, education milestones, steady employment, family reunification, and a restored and vibrant life.

Transforming communities
CityTeam is a local ministry, embedded in the communities we serve. As we help individuals restore their lives, we are also impacting our cities for good and transforming the communities where we live and work.

Programs

Immediate Needs
Connecting people to the CityTeam community through critical services. Every connection—providing hot meals, shelter beds, showers, clothing, and more—is an opportunity for relationship that can lead to lasting solutions.

Lasting Solutions
Providing education, training and certification programs to help people attain living-wage jobs, affordable housing, and budget for financial sustainability for them and their families.

Community Outreach
Neighborhood outreach programs that relieve the challenges that low-income families face to put food on the table and make ends meet. Through relationships, we guide people to our lasting solution programs.

Pathways to Economic Vitality
